2 March 2016

*Dear Rose,*

I was just reading the Redditch Standard and I noticed that Tudor Grange Academy, Year 13 students, had recently beat off competition from 15 other local teams to win the Coventry heat of ICAEW's BASE national business and accounting competition.

Congratulations, it is great to hear that the young people of Redditch are being recognised for their intelligence and commercial awareness, showing future employers their amazing talents, ready for the world of business.

So a huge well done from me and all the best for June, I do hope that they win!

*Best wishes*

*Karen*
