

25th November 2016

Dear Parent/Carer

Following a number of requests from students for additional learning material to support their independent home study for Maths, I am pleased to be able to offer you the opportunity to purchase a comprehensive Maths revision workbook for your child.

The workbook, which should be used in conjunction with students learning journals and supported using www.justmaths.co.uk, provides and includes practice activities and answer sections which allow them to check their own understanding. They are closely linked to the content of the programs of study followed in school and should prove be an invaluable tool in supporting your child as they push to achieve all they are capable of, both this academic year and beyond.

The cost of the booklet is £2.50 and they are available from your son/daughters teacher. Should you wish to reserve one for them to use at home, then please complete and return the reply slip below to your son/daughters Maths teacher.

Yours faithfully

Mr P Wright
Head of Mathematics
