Dear Parent/Carer

This year we have introduced a new Behaviour for Learning measure, looking at the types of positive behaviours shown in lessons. These are called Proactive Learners and Reactive Learners. Each subject will grade P or R depending on the type of learning habits demonstrated. The characteristics outline of each type of learner is as follows:

Proactive learner (P)

- Always tries to produce their best work and hold themselves to high standards
- Participates fully in all activities, shares their thoughts, listens carefully to others and contribute to the group
- Open minded, brave, willing to take a risk and ready to step out of their comfort zone
- Shows grit and resilience and keeps focus even when the work is challenging
- Never disrupts the learning of others.
- Attends extra support lessons voluntarily
- Homework is completed and submitted on time to a high standard every week
- Their exercise book is well maintained, and there is evidence of independent work or extension tasks.
- Hungry for feedback and always uses it to help them to do even better the next time
- A critical thinker, they plan carefully before they begin and reflect on how they could have done it better once finished
- Intrinsically motivated, curious about what they learn and value the process as much as the product

Reactive learners (R)

- Responds only when questioned during lessons and occasionally volunteers or asks questions.
- Lesson tasks are undertaken with some/little focus, with essential tasks completed/started but the pupil shows reluctance to take risks.
- This pupil may disrupts the learning of others.
- Their exercise book is poorly maintained, and there is little evidence of independent work or extension tasks.
- This pupil is usually equipped for lessons.
- When asked, this pupil rarely attends support sessions.
- Homework is rarely completed and submitted on time.
