# Attendance Information

We are keen to help and support all our students and their parents/carers so they have the best possible experience at Tudor Grange Academy Redditch and reach their full potential. There is strong evidence to show that students who have a good attendance record are more successful in school and achieve to a significantly higher standard. Nationally gathered statistics clearly show that students' life chances will be dramatically improved by having at least 8 grades 9-4, with English and mathematics. Our own school evidence shows that students with an average attendance of 95% or higher have a much better chance of achieving 8 + grades 9-4, including English and mathematics.

We are keen that everyone aims for 100% attendance at school and **it is our expectation that all students achieve at least 95% attendance.** The following table and information explains why:

If a student's attendance over the school year is...	...they will miss this many days...	...and this many lessons
95%	10	50
90%	19	95
85%	29	145
80%	39	195
75%	49	245
70%	58	290

In order that we might be sure of the whereabouts and safety of our students we ask that parents/carers ring the school by 9.30am on the morning of the first day of absence to notify us of the situation and then on any subsequent days. On return to school, a letter signed by the parents/carers is required to confirm the reason for absence and the dates involved. We ask that this letter is handed in to your son/daughter's tutor on the first day back.

If medical or dental appointments have to be made in school time, an appointment card or a letter from parents/carers should be shown to the Form Tutor. The student will then need to show the appointment card/letter to Student Services when signing out.

Please note, under recent amendments to the Education (Pupil Registration) regulations, 2006, headteachers may not grant any leave of absence during term time unless there are exceptional circumstances. All applications are assessed on an individual basis by the headteacher. In such exceptional circumstances, headteachers determine the number of school days a child can be away from school if the leave is granted. The government has not defined the 'exceptional circumstances' referred to in the amended regulations. It is for the headteacher to decide what he/she views as exceptional circumstances. However, under these amendments, family holidays do **NOT** qualify as exceptional circumstances. However, leave to attend a high level sporting commitment or to travel with the family due to the illness of a close family member may be granted leave as exceptional circumstances. The school term dates are published a year in advance and are made available on the school website in the expectation that parents/carers will ensure that holidays are taken during school holiday times.

The strongest factor in underperformance at GCSE and A Level is irregular or poor attendance and it is our belief that we would be failing in our responsibility if we sanctioned time off school.

In all but the most exceptional circumstances. Parents/Carers are therefore asked to respect these new regulations under which we must now work, and that if there is a need to take your son/daughter out of school during term time, it must be made very clear in the request how the circumstances are exceptional. In such circumstances, requests for the school to authorise absence should be made by writing to the headteacher, in advance; not in retrospect.

We would hope that parents/carers can help by:

- not letting their son/daughter(s) take time off school for minor ailments;
- arranging appointments and outings after school hours, at weekends or during school holidays;
- not taking holidays during term time.

If we have a concern regarding a student's attendance we will notify parents/carers by phone or letter. If student attendance gives cause for concern our Attendance and Welfare Officer will arrange an appointment with the parent/carer and an attendance action plan will be implemented.

## Non-Residential Trips Agreement

Students are not insured by Worcestershire County Council/Education Authority against personal accident. Tudor Grange Academy Redditch, however, has arranged an off-site activities insurance policy, for students taking part in educational visits. The policy covers personal accident, loss of personal effects and medical expenses. Motor Vehicle Insurance is applicable when the journey is undertaken by the school minibus.

Outside of the above policy Worcestershire County Council and the school accept no responsibility for accidents or injury to students, or for loss or damage of personal effects, unless the cause is the negligence of the Worcestershire County Council and Tudor Grange Academy Redditch or any member of staff.

Disciplinary matters are at the sole discretion of the staff of Tudor Grange Academy Redditch, who are acting in loco parentis.

If the school does not already have contact telephone numbers, parents/carers must provide staff with telephone numbers at which they can be contacted in case of emergency, in particular should urgent medical treatment be necessary.

### **Parents/Carers:**

#### **I agree that:**

- my son/daughter may take part in non-residential visits (details of all visits will be notified in advance and permission sought from parents/carers) organised by Tudor Grange Academy Redditch;
- medical and dental treatment may be given to my son/daughter if necessary, including the administration of a general anaesthetic and to surgical operations in the case of emergency, in accordance with the recommendations of a qualified medical practitioner.

# Cashless Catering

Tudor Grange Academy Redditch has a cashless catering system which provides a fast and efficient service during meal and break times. The system does not require the student to carry an identification card but makes use of a biometric scan in order to establish the identification of the student when making a payment or selecting a meal. The system does not store any biometric data other than an algorithm which is calculated during the biometric scan. This data does not leave the school and it is not possible to create a finger print from this stored information. The introduction of the Protection of Freedoms bill requires permission of a parent/carer, to enable us to use a student's biometric data and, in addition, we seek to renew the permission every year. Under new legislation (The Protection of Freedoms Act 2012) we require informed consent from at least one parent to continue using this information.

The system calculates account balances and can produce a statement of payments made by any student and details of the meals purchased. This information will be available for parents/carers and can be used to help resolve queries with regards to a student's diet.

For those who do not wish to use Parent Pay, there are Paypoint cards these will provide an option to continue using cash if you so wish, but will no longer require TG staff to handle the cash on site and will also mean students will no longer have to bring cash with them into school for lunches. Payments can also be made online using Parent Pay, you can find the link on Tudor Grange Academy Redditch website under 'Parents'. Students are issued with usernames and passwords.

Please sign the parent/carer agreement form and we will arrange for a biometric scan to be made, so that your son/daughter can begin to use the Cashless Catering system at lunchtime providing they have a credit balance on their account.

The academy is happy to answer any questions you or your child may have.

## Biometric Information

Biometric information is information about a person's physical or behavioural characteristics that can be used to identify them. The information is used as part of an automated biometric recognition system.

The academy's biometric system takes measurements of the student's fingerprint and converts these into a template to be stored on the system. An image of the fingerprint is not stored, only an encoded extract. The template (i.e. measurements taken from the fingerprint) is what is used to activate the account.

Specific to our system – a partial image of each person's finger is uploaded and then stored in an encrypted form. It does not send any information back to the school database. This partial image cannot be used for any other purpose.

The use of the biometric system in education is sometimes confused with the use of biological material and biometric data in the criminal or terrorism context. The biometric systems in use in education do not precisely identify individuals in the general population in the way that police fingerprinting may do. The system merely distinguishes between different students well enough to charge the correct ones for their lunch or printing, or to allow access to restricted areas. The data is not available anywhere else, it is a closed system and the data is only used in this setting. An individual's biometric data is almost impossible to replicate making it a secure means of identification.

We need to adhere to a number of legal requirements. Some examples of these are:

- (a) the academy cannot use the information for any purpose other than those for which it was originally obtained and made known to the parents;
- (b) the school must ensure that the information is stored securely;
- (c) the school must tell you what it intends to do with the information;
- (d) unless the law allows it, the school cannot disclose personal information to another person/body – you should note that the only person/body that the school wishes to share the information with our preferred suppliers. This is necessary in order to run the system.

## Examination Procedures

### Statements and Timetables

Before each examination session your son/daughter will receive detailed information regarding his/her examination timetable and the subjects for which he/she is entered. Your son/daughter will be required to check all personal and subject details.

### **Exam Attendance**

It is all students' responsibility to know their examination times and to attend for the right sessions. If your son/daughter does not attend for an examination for which he/she has been entered, without a valid medical certificate, you will be charged for the entry cost of that examination. When attending for examinations students are still members of Tudor Grange Academy Redditch, even if on study leave, and as such are expected to comply with the school's policy and guidelines for uniform.

### **Resits**

Students are allowed to resit exams in some subjects if the student and their teachers feel it would be beneficial.

If you have any queries regarding exams or procedures at any time please ask your son/daughter to contact the Exams Office immediately.

## **Privacy Notice**

### **Privacy notice for parents/carers – use of your child's personal data**

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

Less commonly, we may also process pupils' personal data in situations where:

- We have obtained consent to use it in a certain way

Where we have obtained consent to use pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

### **Collecting this information**

While the majority of information we collect about pupils is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

Once our pupils reach the age of 13, we are legally required to pass on certain information about them to our youth support services providers in each of our Academies areas as they have the legal responsibilities regarding the education or training of 13-19 year-olds.

This information enables it to provide youth support services, post-16 education and training services, and careers advisers.

Parents/carers, or pupils once aged 16 or over, can contact our data protection officer to request that we only pass the individual's name, address and date of birth.

### **Transferring data internationally**

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

This agreement highlights our concerns about the right of privacy, child protection and the use of images taken within the school, being mindful of the sensitivity of this issue. At Tudor Grange Academy we take the issue of student safety very seriously. This includes the use of images of students in school

publications and on the school website. Research has shown that using digital images and videos in education can motivate and enthuse students, help encourage creativity and improve communication and team-working skills.

At school we would like to use images of students for educational and promotional purposes on the Academy website, in printed publications, on CD-ROMs, on official TG Twitter accounts and in digital video productions.

Schools, however, have a duty of care towards students, which means that students will remain unidentifiable in digital images, reducing the risk of inappropriate contact if images are used in this way.

If you are willing for images of your child to be used in this way please complete the form below and return it to the school office. If you are unwilling for your child to be photographed, please tick the box given below.

Thank you in anticipation of your co-operation.

## **Definitions**

The term 'images' refers to photographic prints or slides, digital images, videos or moving images. Images may be distributed via print, DVDs, the internet or other technologies.

Images of students may be taken by the school, the Local Authority and other educational organisations or the press with permission from the school. Examples are:

- For school records and individual and/or group/class photographs.
- Where there is a practical element to curricular assessment, for example in Performing Arts or PE.
- For use in publications used to publicise the school or inform parents and other members of our wider community, such as the prospectus and newsletter.
- The School Virtual Learning Environment and website.
- Photographs taken by the press with school authorisation.
- In-school display.
- School trips or visits, locally, nationally or internationally.
- Training videos.

This list is not exhaustive and it may be necessary to deal with individual and unusual events on a one-off basis.

## **Safeguarding Children**

The welfare and protection of our students is paramount and consideration will always be given to whether the use of photography will place our students at risk. Images may be used to harm students, for example as a preliminary to 'grooming' or by displaying them inappropriately on the internet, particularly social networking sites.

For this reason consent is always sought when photographing students and additional consideration given to photographing vulnerable children, particularly Looked After Children or those known to be fleeing domestic violence. Consent will always be sought from those with parental responsibility (this may include the Local Authority in the case of Looked After Children).

## **Data Protection**

In October 2007, the Information Commissioner's Office issued the following advice:

*"The Data Protection Act is unlikely to apply in many cases where photographs are taken in schools and other educational institutions. Fear of breaching the provisions of the Act should not be wrongly used to stop people taking photographs or videos which provide many with much pleasure. Where the Act does apply, a common sense approach suggests that if the photographer asks for permission to take a photograph, this will usually be enough to ensure compliance.*

- *Photos taken for official school use may be covered by the act and pupils and students should be advised why they are being taken.*
- *Photos taken purely for personal use are exempt from the Act."*

## **Parental Consent**

On admission of a student to Tudor Grange Academy Redditch parents/carers are asked to complete a consent form indicating their agreement or objection regarding the use of images of their son/daughter. Consent should be discussed with the student, and the student also asked to sign the consent form. Parents/students will be asked to complete the separate WCC consent form for images that have been taken for the purpose of LA publicity.

A list of students for whom consent has been refused is maintained by the school and every effort will be made by staff not to include these students in photographs or video footage. The list will be updated on a regular basis.

The parent/carer is asked to confirm, in writing, that they will inform the setting if they no longer wish images of their son/daughter to be used for any reason. They will be made aware that once images are in circulation or have been published, it may be impossible to remove them, although every effort will be made to ensure they are not used in future publications.

## **Setting Photography**

Photographic and/or video images taken by staff may be used for curricular and/or extra-curricular activities, displays, on the setting website, in the school prospectus or newsletter, as evidence of the student's development or as part of publicity in the media. Staff will ensure that:

- They are clear about the purpose of the activity and what will happen to the images when the activity is concluded.
- They always use setting equipment for taking images.
- They never record images using their personal camera, mobile phone or video equipment or for their own personal use.
- They will never photograph students in a state of undress, for example whilst changing for PE or a performance.
- They will report any concerns about inappropriate or intrusive photographs found to the Senior Designated Person following the setting's safeguarding procedures.
- They have parental/carer permission to take, store and/or display or publish the images.

Please note that in relation to some events, a consequence of not including a student in photography may be that they are not easily able to take part in the event itself. This is something that the school would discuss with you at the appropriate time if necessary. Your decision on whether to give consent is valid for the whole of your son/daughter's time in the school, unless you notify the school to the contrary in writing. If you do not indicate whether or not you give permission your consent is assumed.

## Storage of Images

- Images retained in a setting will not be used other than for their original purpose, unless permission is obtained from the subject.
- Images will always be stored securely and password protected.
- Images will be destroyed or deleted from databases once they are no longer required for the purpose for which they were taken.
- Images taken for publicity and promotional purposes may be retained for a maximum of two years after the departure of the student. Images contributing to the history of the setting, its children, activities or the community, may be retained indefinitely.

## Parental/Carer Photography

In many cases, images taken at school events form an important part of family albums. Everything possible will be done to ensure that this tradition continues. Parents/carers are welcome to take images of their own son/daughter at award ceremonies, school concerts/shows and sporting events, with the permission of the Headteacher. However, care must be taken not to interfere with the smooth running of the event, breach commercial copyright laws or compromise health and safety. Parents/carers will ensure that:

- They will respect the school's decision to prohibit photography of certain children or a particular event.
- Any images taken are for personal use only.
- Images including students **other than their own, must not be sold or put on the internet**; if they are, Data Protection legislation may be contravened and they will be asked to remove them.
- They will not use any images of students so as to cause offence or harm.

## The Use of Cameras and Video Recordings by students

From time to time, students may be given the opportunity to use setting equipment to take photographs and/or video footage as part of a curricular or extra-curricular activity.

Students are not allowed to use personal equipment in the school for the purpose of taking photographs or video footage, unless being used as a learning resource. This includes the use of personal mobile phones.

The only exception to this is on a setting trip or visit where students may be allowed to take photographs for their own personal use.

**The use of images to bully or intimidate, including publishing photographs or video footage without permission on the internet, will be dealt with in line with the school's behaviour and anti-bullying policies and may be viewed as a criminal offence.**

## Display of photographs

Images of students in the school environment may have full student names attached for the purpose of celebrating progress and achievement or assessment.

However, consideration will be given to displays when rooms are available for other purposes.

# Publicity

## Press

On occasions, the media are asked to cover school events or to highlight students' successes. This is an important part of celebrating achievement and informing the public of educational initiatives. The media operate under their own Code of Practice. Permission for students' photographs to appear in the press will be obtained from parents/carers prior to appearance. Local newspaper titles may share their images with other titles within the same syndicate. Any student whose parents have withheld permission, will not be photographed by the media.

## Setting Publicity

Photographs of student activities and achievements may be published in the school newsletter or prospectus and posted on the school website. Full names of individual students will not be attached to photographs and no contact details will be published. Where photographic permission has been withheld, photographs will not be published.

## Setting Photographer

Class and individual or group photographs are often an annual event. Parents will be notified in advance of the photographer's visit and will be sent copies of photographs and given the option to purchase them. Copyright on all such photographs is retained by the photographer.

# Student Acceptable Use Agreement

## Academy Policy

(full details are available on our website)

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

**This Acceptable Use Policy is intended to ensure:**

- that young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
- that school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

The school will try to ensure that students will have good access to digital technologies to enhance their learning and will, in return, expect the students to agree to be responsible users.

## Acceptable Use Policy Agreement

I understand that I must use school ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other users.

**For my own personal safety:**

- I understand that the Academy will monitor my use of the systems, devices and digital communications.
- I will keep my username and password safe and secure – I will not share it, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will be aware of "stranger danger", when I am communicating on-line.

- I will not disclose or share personal information about myself or others when on-line (this could include names, addresses, email addresses, telephone numbers, age, gender, educational details, financial details etc)
- I will not arrange to meet people off-line that I have communicated with on-line.
- I will immediately report any unpleasant or inappropriate material or messages or anything that makes me feel uncomfortable when I see it on-line.

**I understand that everyone has equal rights to use technology as a resource and:**

- I understand that the Academy systems and devices are primarily intended for educational use and that I will not use them for personal or recreational use unless I have permission.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not use the Academy systems or devices for on-line gaming, on-line gambling, internet shopping, file sharing, or video broadcasting.

**I will act as I expect others to act toward me:**

- I will respect others' work and property and will not access, copy, remove or otherwise alter any other user's files, without the owner's knowledge and permission.
- I will be polite and responsible when I communicate with others, I will not use strong, aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will not take or distribute images of anyone without their permission.

**I recognise that the Academy has a responsibility to maintain the security and integrity of the technology it offers me and to ensure the smooth running of the Academy:**

- I will not bring my own personal devices (mobile phones / tablets / laptops etc.) into the Academy unless I have been given permission (only Sixth Form students are given this privilege). I understand that, if I do use my own devices in the Academy, I will follow the rules set out in this agreement, in the same way as if I was using school equipment.
- I understand the risks and will not try to upload, download or access any materials which are illegal or inappropriate or may cause harm or distress to others, nor will I try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials.
- I will immediately report any damage or faults involving equipment or software, however this may have happened.
- I will not open any hyperlinks in emails or any attachments to emails, unless I know and trust the person / organisation who sent the email, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
- I will not install or attempt to install or store programmes of any type on any school device, nor will I try to alter computer settings.
- I will not use social media sites.

**When using the internet for research or recreation, I recognise that:**

- I should ensure that I have permission to use the original work of others in my own work

- Where work is protected by copyright, I will not try to download copies (including music and videos)
- When I am using the internet to find information, I should take care to check that the information that I access is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me.

**I understand that I am responsible for my actions, both in and out of school:**

I understand that the Academy also has the right to take action against me if I am involved in incidents of inappropriate behaviour, that are covered in this agreement, when I am out of school and where they involve my membership of the school community (examples would be cyber-bullying, use of images or personal information).

- I understand that if I fail to comply with this Acceptable Use Policy Agreement, I will be subject to disciplinary action. This may include loss of access to the Academy network / internet, detentions, suspensions, contact with parents and in the event of illegal activities involvement of the police.

**Please complete the sections at the end of the booklet to show that you have read, understood and agree to the rules included in the Acceptable Use Agreement. If you do not sign and return this agreement, access will not be granted to school systems and devices.**

# Mobile phone, MP3 player, devices and games console policy

## Rationale

Mobile phones are a feature of modern society. Tudor Grange Academy Redditch recognises the wishes of a number of parents/carers for students to carry a mobile phone to assist with safe journeys to and from school. Our long-term goal is for all students to have access to a hand-held device during all of their lessons.

## Mobile Phone Acceptable Use Policy (Years 9 -11)

It is our policy to allow students to have a mobile phone with them in school should they choose to do so under the conditions outlined in the policy below:

1. Phones must not be used once the student is on the school site for any purpose (e.g. phoning, texting, surfing the internet, taking photos, checking the time, taking videos).
2. Any student bringing a mobile phone or any other form of mobile technology onto the school premises must have a signed 'Acceptable Use Policy' on file at the school.
3. Phones must always be switched off (not on silent mode) and kept out of view. If a student breaches these rules the phone will be confiscated and taken to Student Services. Phones will be returned to students at the end of the school day.
4. Any subsequent breach of the rules or any use of such equipment to record or to download inappropriate material, will result in confiscation and parent/carer contacted as an offence has been committed.
5. Phones must not be taken into examinations.

*'No Mobile Phones, ipods, MP3 players, pagers or any other products with text/digital facilities are permitted in the examination room. Possession of unauthorised items is an infringement of the regulations and could lead to disqualification from the current examination and the overall qualification. Candidates are advised that*

*mobile phones in particular must not be in their possession whether or not switched on'* (Joint Council for Qualifications statement 2008)

## Mobile Phone Acceptable Use Policy (Years 12 -13)

Students in Year 12 and 13 are subjected to the same conditions as those outlined above for Years 9-11, with the exception that they are allowed to use their phones during the school day – **in the Post 16 area only.**

## Emergencies

If a student needs to contact his/her parents/carers they will be allowed to use a school phone and should ask at Reception. If parents/carers need to contact students urgently they should phone the school and a message will be relayed promptly.

## Security for mobile phones and other valuables:

The school cannot accept any responsibility for theft, loss, damage or health effects (potential or actual) relating to mobile devices, nor for theft, loss or damage to any other valuable item, or for the theft or loss of money. It is the responsibility of parents/carers and students to ensure mobile phones and other valuables are insured. During PE lessons, or other times when the phone needs to be kept secure, students should keep their phones in the lockers that they have been provided with.

## MP3 devices and other music and multimedia players and hand held games consoles

Students in Years 9-11 should not bring MP3 and/or other music and multimedia players or games consoles into school at any time and consequently they should not be used in lessons or around the school. The high value of these items creates added security issues within school for both the student and supervising staff. Any student who brings such items into school will be subject to sanctions.

# PE Department Extra-Curricular Sports Activities

The school is involved in a variety of sports activities, competitions and festivals, organised between individual schools, or as part of local/area/national leagues and competitions. Consequently students are invited to represent the school/Redditch district/county/region in the above. The majority of these sports events are held at the end of the school day; although some take place during the school day (particularly during the winter period) or during evenings or weekends.

The PE department will inform students at the earliest opportunity of a specific event, together with details of approximate times, venues, requirements and other relevant information considered necessary as part of risk assessment for the event. The majority of sports fixtures are either at Tudor Grange Academy Redditch or at local schools with verbal communication provided to the student.

For activities taking place a significant distance away from school or involving more complex arrangements this information will be shared through a letter to parents/carers. A fortnightly calendar of sports activities and fixtures is displayed in the PE department, on the PE office notice-board and on the PE department website (accessed via the Tudor Grange Academy Redditch website). This calendar is published weekly and is distributed to Heads of Year and to school reception. Students are encouraged to become aware of likely forthcoming involvement and communicate this to parents/carers.

Parents/carers should contact the PE department for specific enquiries regarding their son/daughter's involvement or arrangements. In the event of last minute changes or cancellation, students wherever possible will be informed by the PE department. Students can use the PE office phone to contact parents /other adults involved in transport arrangements.

Parents/carers are responsible for agreeing and arranging suitable arrangements for the safe return of their son/daughter following an event; either upon return to Tudor Grange Academy Redditch or directly from a local school/sports venue. Consideration should be given to the age and individual needs of the student, time of year and the estimated time of completion of the event. Students awaiting collection at Tudor Grange Academy Redditch can wait in the Sports Centre reception if the school reception is closed; a similar safe waiting area will be made available at local schools/sports venues. The school is not responsible for specific arrangements made between parents/carers whereby their son/daughter is collected by a nominated person. Should a student be aware of a problem with safe return following a sports event; they should communicate this to the member of staff in charge. Parents who do not wish their son/daughter to make their own way home with/be collected by stated other students/adults should communicate this information to the school.

Transport to and from sports events is normally by minibus, with staff following county guidelines for their use. Coach transport is used on occasions for longer distance or larger groups. Students are required to wear seatbelts and comply with staff and or driver requests. Staff will have details of emergency contact numbers and specific additional/medical needs that are made known to the school. On occasions when minibus transport is unavailable or insufficient, transport by staff cars can be used. Parents/carers will be informed of this if known in the planning of an event. Again staff will

follow county guidelines in this matter. Parents/carers who do not wish their son/daughter to be transported in a staff vehicle should inform the event leader in advance. For sports events occurring at weekends, during an evening or if minibus transport is not available, parents/carers may be asked to transport their son/daughter to or/and from the venue. Where possible written information and approval for this to occur will be provided.
