Advance information

To make exams in 2022 less daunting, students will be told in advance some of the topic areas that will be included on the exam papers, helping them to manage their exam preparation. This information will be issued in the spring term to help students to focus their revision time.

However, the DfE have confirmed that if the impact of the pandemic worsens, this could be issued earlier in the academic year. We will update you on the timing of the advance information release once this has been confirmed.
